Alaska Weather Information Line

The National Weather Service Alaska Region established the Alaska Weather Information Line as a public service, providing toll-free telephone access to weather information throughout the state.

Weather Forecasts are issued on a regular basis and updated as required to provide accurate and timely weather information.

- **Public Forecasts** include area (zone) 7-day forecasts with information for communities in Alaska.

- **Marine Forecasts** are available for all coastal marine areas with outlooks to 5 days.

- **Observations** from certain land stations and marine buoys are available. This information is updated hourly.

The menu system is organized according to geographical area:

Northern Alaska	Southwestern Alaska
Southcentral Alaska	Southeastern Alaska

Complete and comprehensive weather information, including warnings, statements, forecasts, observations and climate information are available online at weather.gov/alaska.

General Instructions

- Dial the Alaska Weather Information Line.
- Listen to the menu options and make your selection for the area you want.
- Forecast areas are listed inside this leaflet.

Once you are familiar with the menu options you can enter the numbers at any time without listening to the entire message.

Example: The forecast for Shelikof Strait can be obtained by pressing 3 3 2 6:

3 – South Central Alaska Menu
3 – Kodiak Menu
2 – Marine Menu
6 – Shelikof Strait

You can press the pound (#) sign at any time to return to the previous menu.

Recorded weather information and this brochure are also available at weather.gov/arh/awil
